# KEVIN W BISHOP

# Corporate Site 2.0 Site index, proposed

NOTE: **Region-specific content** can be attached to any LSB site asset. The landing page for the major sections will not necessarily present all region-specific content. Instead, each asset will do so with respect to appropriate context.

NOTE: **Forms** will be accessible in their proper context, from the page which addresses their need. For example, if a claims form is needed, one would follow a path like this: Health Benefits/[Regional]/Health Insurance [with link to form].

- Regions**
- Australia
  - Hong Kong
  - Japan
  - Luxembourg
  - New Zealand
  - Singapore
  - United Kingdom
  - United States
